

Expert TA: Student Registration Instructions – University of Florida (Physics)

Getting Started: See steps below for registering and using Expert TA.

Step 1: Copy and Paste the registration link from below into your browser. *U of Florida: Student Registration - PHY 2053 (Spring 2018) Physics 1 w/ Dr. Ray & Dr. Rinzler \$30.00*

<https://login.theexpertta.com/registration/classregistration.aspx?regcode=USE11FL-300BD4-1KL>

Step 2: Enter your email. You will see information about your class at the top. You will be asked to enter your email address. This will serve as your user name. Please remember which email address you use. Some schools assign more than one email to students. You will only be able to log into Expert TA with the exact email you register with. Click Continue.

Step 3: Choose a password. After entering your email address, you will be taken to a page to enter a password. Your password must be at least 7 characters and we recommend including a mixture of upper and lower case letters with numbers and special character (ex: #, !, etc...). Click Continue.

Step 4: Your Personal Info. Your first name, last name, and UFID should be shown. If there is an error in the information displayed, please contact your instructor. The information should match just as it is provided to your instructor on their official class roster. Accept the Terms of Service and click Continue.

Registration is Complete and you are almost done!

Step 5: Check-out. You will not be able to do homework until you complete the payment process. - *You will need to click on the check box* to confirm that you are purchasing access for the class listed.

- After you have clicked the check box, you will choose your method of payment. If you are using a credit card to pay now, click “Credit Card”. The option for a free Trial will allow you to delay your payment for exactly two weeks. If trial is chosen, you will be able to do homework immediately, and asked to make your actual payment with a credit card after the trial period has ended.

Step 6: Payment with a Credit Card - After clicking “Credit Card” you will be redirected from our site to Authorize.net - Authorize.net is an industry leader in secure payments and used by tens of thousands of companies. - Enter your credit card information. Note: Pay careful attention when entering the address information. This information must match the billing information on the card (this is normally your house; not your dorm address). If the zip code entered here doesn't match, the transaction will not process. This is a security measure that helps to keep people from using your card if it is stolen.

Step 7: Once a credit card payment has been made, or another payment option was used during your registration, you can begin using Expert TA. You will be directed to the main class management screen where your class and assignment details can be found. Tutorial problems are available in the “Student Practice Area” below the Class Menu window. Hints and Feedback are provided throughout the term. Hints are generalized tips. Feedback is help specifically based on your most recent incorrect answer.
